Fall 2023 first-time, full-time student-athlete cohort

Per the Student Right-to-Know and Campus Security Act of 1990, the College provides graduation and transfer rate information for its student-athlete cohort. The data below reflect the Fall 2023 cohort, tracked through August 31, 2026 (150% of normal time), at the Associate Degree level. The student-athlete cohort (n=51) is compared to full Fall 2023 FTFT cohort (n=411) using the institution's officially reported three-year graduation rate of 23.6%, sourced from the University System of Georgia Graduation Rate Reports. This figure represents all first-time, full-time associate degree-seeking students and is the verified benchmark for comparison. Outcomes are also reported by gender and race/ethnicity, overall and within each federal sport category.

*Groups of five or fewer are suppressed; all other sport-by-race/ethnicity groups also have five or fewer athletes. *Complementary suppression: the group exceeds five, but its outcomes would reveal a group of five or fewer by subtraction from Section 02 totals. All 26 baseball athletes are men, so the baseball-men row matches the baseball total.*
