TRANSFER STUDENTS

South Georgia State College welcomes applications from students who wish to transfer to SGSC from other institutions. In addition to the items listed under "Procedures for All First-Time Students," transfer students must provide South Georgia State College official academic transcripts from all former schools. Failure to report previous college attendance at the time of admission is sufficient cause for cancellation of the student's enrollment and of any credit earned at South Georgia State College. Enrollment Services works individually with each transfer student to ensure the proper documents are submitted.

All academic credit attempted at previous institutions will be reviewed by the College. To be awarded an A.A. or A.S. degree by South Georgia State College, at least 18 semester hours of the academic credit used toward that degree must be earned at South Georgia State College. In unusual or compelling circumstances, students may appeal to the Vice President for Academic Affairs for exceptions. To be awarded an A.S.N. degree by South Georgia State College, all courses in the curriculum with an NURS prefix must be earned at South Georgia State College. Any exceptions must receive approval from the Dean of the School of Nursing.

Courses transferred for credit from other institutions must have an overall average of "C." Applicants who have completed fewer than 30 semester credit hours will be considered "first-time freshmen" and must meet the appropriate admissions requirements set forth for their intended program of study. Credit may be awarded for actual course work, training provided by the Armed Forces or services schools, or professional certification. The institution retains the right to determine the amount of credit to be awarded. Institutional procedures require that the credit awarded be validated by the credit by examination process on campus. Credit awarded must be appropriately related to a student's educational program at South Georgia State College.

Students who have official transcripts submitted by all former schools no later than the application deadline for the term in which they intend to enroll will be notified in writing prior to registration what credit was accepted for transfer. Students who have official transcripts submitted after the application deadline will be notified by the end of their first term of enrollment what credit was accepted for transfer.

An applicant will not be considered for admission unless the transcript of the college or university last attended shows that the student is eligible to return to that institution or unless the officials of the institution last attended recommend the applicant's admission. If two or more

In addition to meeting the ASN requirements listed above, LPN-RN Bridge applicants must:

1. Possess current unrestricted Georgia LPN license with no current private or public disciplinary orders.

SCIENCE/GENERAL EDUCATION PERFORMANCE REQUIREMENTS

A minimum grade of C is required in all science courses included in the curriculum for nursing. A student who makes less than a C in more than one required science (BIOL) course, including a repeated course, will not be eligible for admission to, or progression in, the nursing program. Grades of less than C in the required science courses taken at another institution will be considered the same as if taken at South Georgia State College. Academic renewal does not apply to grades of less than C in required science courses. A minimum grade of C is required in all general education courses required for the nursing major.

CLINICAL EXPERIENCE

Students in nursing obtain clinical experience in the campus skills laboratory and selected community clinical facilities. The student must assume responsibility for travel to clinical agencies. Students will provide care to assigned clients regardless of diagnosis, age, sex, race, creed, sexual orientation or ethnic origin. All students are required to have current CPR certification before going to clinical agencies. CPR certification must be approved by the American Heart Association or the American Red Cross and must include infant, child, and adult. Health insurance, PPD and immunizations are required in the event of illness, accident, or exposure to communicable disease while in the clinical area as a student from the South Georgia State College Nursing Program. Major clinical facilities utilized by South Georgia State College require a background check and a drug screening prior to attending clinical.

Based on the results of these screenings, the agencies may choose to disallow a student to attend clinical at these sites. To complete the nursing curriculum, students must be able to

attend clinical at these sites. Failure to do so would result in the inability of the student to complete the program of study. Students must meet the facilities' requirements related to the Physical Examination, PSI Background Check, Urine Drug Screen, CPR, PPD, and immunizations. Students may be denied the right to attend clinical at these facilities based on the results.

The clinical experience is graded as satisfactory or unsatisfactory. Two clinical experiences graded unsatisfactory will result in a failure of the course regardless of when they occur in the semester. Students receiving a grade of "F" in a nursing course prior to midterm are ineligible for a refund of tuition and fees.

ACADEMIC STANDARDS IN NURSING COURSES

A minimum grade of C is required in each nursing course. In order to begin second-level nursing courses, students must have completed PSYC 2103 and BIOL 2210K, 2211K, and 2215K with a minimum grade of C in each course. The student must also have a minimum cumulative grade point average of 2.0 in order to enter second-level nursing courses.

RECURRENT ENROLLMENT IN NURSING

Students who make less than a C in any two nursing courses, including a repeated course, will not be allowed to continue in the nursing program. Students repeating a nursing course must complete it at South Georgia State College. Academic renewal does not apply to grades of less than C in nursing courses or required science courses.

A student who leaves the nursing program must complete a Reentry Request Form and submit it to the Dean of the School of Nursing. Students must have a cumulative GPA of at least 2.0 in order to be considered for readmission and will only be readmitted on a space available basis.

Students transferring from another nursing program must be in good standing with that program. Grades of D or lower earned in nursing courses taken at another institution will be considered the same as if taken at South Georgia State College. Students transferring to the South Georgia State College nursing program must be able to complete the program of study within 36 months of the time the student began a nursing program. The 36-month limit will include the transfer student's initial enrollment in a nursing program until completion at SGSC. This policy reflects the policy for beginning nursing students at SGSC.

AUDITING NURSING COURSES

Students may, with the approval of the Dean of the School of Nursing, audit nursing courses; however, students who audit nursing courses are not allowed to participate in clinical lab activities or take unit/final exams. Fees for auditors are the same as those for students registered for credit.

PROGRAM COMPLETION

Once a student begins nursing courses, he/she has a maximum of 36 months to complete the program and meet requirements for graduation. Once a student begins Nursing 1104 (Career Mobility for LPNs to RNs), he/she has a maximum of 24 months to complete the program and meet requirements for graduation. The College reserves the right to certify that courses presented for program completion are current. Students may be required to retake courses to update their skills and/or their knowledge in the field. Additional assignments and NCLEX review may be required before program completion.

ADVANCED PLACEMENT IN NURSING

Advanced placement is possible for persons who have had prior education in a program leading to licensure as a registered nurse. A comprehensive examination or examinations may be required for a student attempting advanced placement. If a student fails an exemption examination, he/she may take the course when offered. Transfer students must meet admission requirements for South Georgia State College and the School of Nursing. Students interested in further details should contact the School of Nursing. Licensed Practical Nurses (LPNs) may choose to enroll in Nursing 1104, a career mobility course to facilitate transition from LPN to RN. LPNs who have grades of less than C in nursing or required biology courses at any institution should contact the School of Nursing for information related to eligibility to be considered for admission to the Career Mobility Course (NURS 1104).

Students may be denied the right to attend clinical at these facilities based on the results.

The clinical experience is graded as satisfactory or unsatisfactory. Two clinical experiences graded by the nursing faculty as unsatisfactory will result in a failure of the course regardless of when they occur in the semester. STUDENT TUITION CLASSIFICATION POLICY

In accordance with Board of Regents Policy 4.3.4, all applicants who are accepted for admission or readmission for Fall 2011, or any academic term thereafter, and who seek to be classified as in-state for tuition purposes, will be required to provide validation of residency and lawful presence in both the State of Georgia and the United States.

INDEPENDENT STUDENTS

An independent student who has established and maintained a domicile in the State of Georgia for a period of at least twelve (12) consecutive months immediately preceding the first day of classes for the term shall be classified as in-state for tuition purposes.

No student shall gain or acquire in-state classification while attending any postsecondary educational institution in this state without clear evidence of having established domicile in Georgia for purposes other than attending a postsecondary educational institution in this state. If an independent student classified as in-state for tuition purposes relocates out of state temporarily but returns to the State of Georgia within twelve (12) months of the relocation, such student shall be entitled to retain his/her in-state tuition classification.

DEPENDENT STUDENTS

A dependent student shall be classified as in-state for tuition purposes if such dependent student's parent has established and maintained domicile in the State of Georgia for at least twelve (12) consecutive months immediately preceding the first day of classes for the term and:

1. The student has graduated from a Georgia high school; or,
2. The parent claimed the student as a dependent on the parent's most recent federal or state income tax return.

A dependent student shall be classified as in-state for tuition purposes if such student's United States court-appointed legal guardian has established and maintained domicile in the State of Georgia for at least twelve (12) consecutive months immediately preceding the first day of classes for the term, provided that:

1. Such appointment was not made to avoid payment of out-of-state tuition; and,
2. The United States court-appointed legal guardian can provide clear evidence of having established and maintained domicile in the State of Georgia for a period of at least twelve (12) consecutive months immediately preceding the first day of classes for the term.

If the parent or United States court-appointed legal guardian of a dependent student currently classified as in-state for tuition purposes establishes domicile outside of the State of Georgia after having established and maintained domicile in the State of Georgia, such student may retain his/her in-state tuition classification so long as such student remains continuously enrolled in a public postsecondary educational institution in this state, regardless of the domicile of such student's parent or United States court-appointed legal guardian.

NON-CITIZENS

A non-citizen student shall not be classified as in-state for tuition purposes unless the student is legally in this state and there is evidence to warrant consideration of in-state classification as determined by the Board of Regents. Lawful permanent residents, refugees, or other eligible noncitizens as defined by federal Title IV regulations may be extended the same consideration as citizens of the United States in determining whether they qualify for in-state classification.

International students who reside in the United States under non-immigrant status conditioned at least in part upon intent not to abandon a foreign domicile shall not be eligible for in-state classification.

OUT-OF-STATE TUITION WAIVERS

An institution may award out-of-state tuition differential waivers and assess in-state tuition for certain non-Georgia residents under the conditions listed below. Notwithstanding any provision in this policy, no person who is unlawfully present in the United States shall be eligible for any waiver of the tuition differential.

1. Academic Common Market. Students selected to participate in programs offered through the Academic Common Market.

2. International and Superior Out-of-State Students. For U.S. citizens or U.S. legal permanent residents, this waiver will expire twelve (12) months from the date the waiver was granted.

As of the first day of classes for the term, an economic advantage waiver may be granted to an independent non-citizen possessing a valid employment-related visa status who can provide clear evidence of having relocated to the State of Georgia to accept full-time, self-sustaining employment. TUITION CLASSIFICATION AND OUT-OF-STATE TUITION WAIVER PETITION PROCESS

The citizens of Georgia, through the payment of taxes, support the operation of South Georgia State College. Hence, whether a student is classified as an in-state or an out-of-state student in the State of Georgia is a significant matter.

The Board of Regents of the University System of Georgia has adopted policies governing the classification of students as in-state and out-of-state for tuition purposes. These policies ensure that out-of-state students pay a fair and reasonable share of the cost of their education.

- Students who have been classified as out-of-state for tuition purposes and believe they are entitled to be classified as in-state for tuition purposes may petition the institution for a change of status.

NOTICE TO STUDENTS REGARDING FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

South Georgia State College informs students of the Family Educational Rights and Privacy Act of 1974. This act, as amended, stipulates that any student, regardless of age, who is or has been in attendance at an institution of postsecondary education, has the right to inspect and review his or her educational records within a reasonable period of time (not to exceed 45 days) after making a request for such review. In addition, this act was designed to protect the privacy of educational records and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the act. South Georgia State College is in full compliance with the provisions of that legislation.

Although student records are considered confidential under this act, an exception is provided for directory information. This Act prohibits college officials from disclosing any records, including grade reports, academic standings, transcripts of records, or any other records, files, documents, and materials in whatever medium, that contain information directly related to the student and by which the student can be individually identified. Authorization for parental access to student records covered by the Act must be made in writing by the student and addressed to the Registrar, South Georgia State College.
