The Residence Life & Housing Office is currently working on an online housing application. All returning residents for Fall 2013 will be required to fill out the online housing application instead of the hardcopy paper application. For more information please stop by the Residence Life & Housing Office.

Residents must take home ALL of their property at the end of the Spring 2013 semester. The Residence Life & Housing office does not provide storage options for students. Any property left at the end of the semester will be disposed of and students will be required to pay a disposal fee.
Study Hall is currently available to residents in Tiger Village residence halls. Residents with tutoring hours will have additional space to meet their academic needs. The Office of Residence Life in conjunction with the Academic Support Center recognizes the need for expansion and provision of resources such as staffing, space, and hours of operation to cater to the various needs, interests and desires of our residential population.

Study Hall will now be administered on Sundays and Mondays in Tiger Village classrooms: Tiger I - 3rd floor and Tiger II - 2nd floor from 7pm to 10pm. Please be advised that Sunday hours will not be credited to the starting week since the hours are counted as part of the previous week. Be respectful and courteous to all staff members and residents to help create a quiet study environment.

FAFSA Now Required for State Financial Aid Programs

Beginning Summer 2013, if you are planning to attend college in Georgia and are seeking state financial aid (see a list of state financial aid programs below)*, you will be required to complete a Free Application for Federal Student Aid (FAFSA). The 2012-13 or the 2013-14 form may be used for summer term 2013. A 2013-14 form will be required for Fall term 2013 and will be applicable through Summer 2014. Moving forward, a current year FAFSA will be required each year when applying for state financial aid.

Why?

This change to the method by which students can apply for state financial aid is being implemented to comply with the requirements for verification of lawful presence in Georgia. Students applying for state financial aid will be required to complete and submit a FAFSA to determine eligibility for student aid, regardless of whether the student is applying for any federal assistance.

As a result of this change, the GSFAPPS application process will no longer be available after June 8, 2013. After spring term 2013, the GSFAPPS will no longer be an acceptable financial aid application.
